

Audition info for VIOLIN

SHAK's Early Music Youth Academy / Baroque Strings Festival

1. Please submit a video of a recent performance (within the last 6-10mos, ideally with accompaniment), OR make a video of a current piece.
2. And submit a video of you playing the short prelude below.
Demonstrate your articulation and phrasing ability, and play in tune (especially ring tones such as G and A on the E string, D on the A string, etc). Use a tempo that is both comfortable and fun for you, between about 66-104bpm to the quarter note (but play without a metronome).

NOTE: Enjoy this sample of actual 18th-century notation, but rest assured that we will use modern printed editions in the camp. Note that there are 4 sharp signs (a little smaller than modern ones, and tilted). The symbol that follows the first note is a 16th rest. You don't have to do anything for the scribbles at the end of each line; they just show the first note of the next line.
